## **7.0 PRINCIPLES and CONDITIONS for SENIOR (SR) CARDS**

- 7.1 Senior Cards are intended to support athletes already at or having the potential to reach international criteria. Carding support allows athletes to maintain a long-term commitment to training and competition to further their athletic goals.
- 7.2 Senior cards are awarded to athletes actively participating in SFC High Performance Training Programs with the purpose of obtaining improvement in performance as measured by scores and placing obtained in international competitions.  
  
Athletes are expected to demonstrate improvement toward the achievement of a top-8 world performance or world ranking and receive the recommendation of the SFC High Performance Committee for the renewal of card status.
- 7.3 The AAP carded athlete must attend a minimum of one (1) High Performance training camp conducted by the National Coach in their respective discipline during the carded year.

## **SENIOR CARD CONDITIONS FOR 2019 NOMINATIONS - OLYMPIC PROGRAM ATHLETES -**

Senior card status is available for events on the Olympic program only. Senior Cards are awarded in the following priority: 1) Athlete(s) who have met the International Criteria and 2) Athlete(s) who have met the National Criteria.

Sport Canada assigns a limited number of AAP Cards. Cards are first allocated to athletes who have achieved the International Criteria with any remaining cards allocated to athletes based on the National Criteria. For the current carding year there will be the equivalent of **five (5)** SR cards available to the SFC Olympic Program. All cards allocated to shooting are subject to change by Sport Canada.

Regardless of shooting discipline, an athlete who has won an Olympic Quota for Canada shall take precedence over any other athlete nominated for carding in the year following the Quota confirmation. The score shot that achieved the Olympic Quota will be used for ranking purposes. If the number of quotas achieved exceeds the number of available AAP cards, athletes will be nominated in priority order based on the Canadian Shooting Athlete Ranking System (CSARS) detailed in Appendix A. An athlete confirmed to participate in the Olympic Games prior to the start of that carding year shall take precedence over any other athlete nominated for carding in the year of the Games.

### **INTERNATIONAL CRITERIA (SR1, SR2)**

#### **PERFORMANCE STANDARDS**

The following standards must be obtained at an ISSF recognized All Events World Championship or the Olympic Games prior to consideration:

**1.0 Top 8;**

**and**

**2.0 Athletes must finish in the top half of the field.**

Athletes who meet the international criteria are eligible to be nominated by the NSO for two consecutive years, with the card for the first year referred to as SR1 and the card for the second year referred to as SR2. The second year of carding is contingent on the athlete being re-nominated by the NSO and a training and competitive program approved by the NSO and Sport Canada being maintained. The athlete must also sign an Athlete / NSO Agreement and complete an AAP Application for Financial Support for the year in question.

#### **PRIORITIZATION of CARD ALLOCATION**

Prioritization is based on the rank achieved by an athlete within the mandatory performance standards (mentioned above) at the All Events World Championships or Olympic Games. Regardless of shooting discipline, an athlete placing 4<sup>th</sup> for example would take precedence over an athlete placing lower in the ranking order of their respective discipline.

## **NATIONAL CRITERIA (SR/C1)**

### **PERFORMANCE STANDARDS**

The following standards must be obtained prior to consideration:

- The athlete must be a member of the preceding and current year's SFC High Performance Program (National Team or Development Team) as per Prerequisites item 1.2 of these criteria.

### **PRIORITIZATION of CARD ALLOCATION**

First priority - Athletes who have attained National Team status by having achieved two qualifying scores at the SFC High Performance Team Trials (HPTT) or in conjunction with one of the competitions listed in Appendix A. The top, single National Team score shot by the athlete will be used. Athletes will be nominated in priority order based on the CSARS.

Second priority - Should there be more cards available than athletes who have achieved National Team status, the remaining cards will be dispersed to athletes who have attained Development Team status by having achieved two qualifying scores at the SFC High Performance Team Trials (HPTT) or in conjunction with one of the competitions listed in Appendix A. The top, single Development Team score shot by the athlete will be used. Athletes will be nominated in priority order based on the CSARS.

The CSARS is defined as that established by the criteria described in Appendix A of this document.

If there are two or more athletes who have achieved the same ranking in any of the above prioritization of card allocation scenarios, and an insufficient number of cards to cover all the similarly ranked athletes, then the tie will be broken by the highest placing achieved at a World Cup or World Championship within the eligible competition year (see item 4.1).

For prioritization among athletes with the same ranking, there is no distinction made between World Cup placing and World Championship placing. When applicable, rankings achieved in qualification rounds shall take precedence over rankings achieved in elimination rounds.

There is no distinction between rankings amongst the various disciplines.

## **CARDING CONDITIONS FOR 2019 NOMINATIONS - PARALYMPIC PROGRAM ATHLETES -**

Senior card status is available for events on the Paralympic program only. Senior Cards are awarded in the following priority: 1) Athlete(s) who have met the International Criteria and 2) Athlete(s) who have met the National Criteria.

Sport Canada assigns a limited number of AAP Cards. Cards are first allocated to athletes who have achieved the International Criteria with any remaining cards allocated to athletes based on the National Criteria. For the **current** carding year there will be the equivalent of **two (2)** SR cards available to the SFC for Paralympic shooters. All cards allocated to shooting are subject to change by Sport Canada.

Regardless of shooting discipline, an athlete confirmed to participate in the Paralympic Games prior to the start of that carding year shall take precedence over any other athlete nominated for carding in the year of the Games.

### **INTERNATIONAL CRITERIA (SR1/SR2)**

#### **PERFORMANCE STANDARDS**

Based on results achieved on the program of the Paralympic Games, the following standard must be obtained in the Paralympic Games or World Championships for consideration\*:

- 1.0 **Top 8;**
- and**
- 2.0 **Athletes must finish in the top half of the field.**
- 3.0 To be eligible for carding consideration, athletes must meet the SFC carding score standards as outlined in Appendix "B".

Athletes who meet the international criteria are eligible to be nominated by the NSO for two consecutive years, with the card for the first year referred to as SR1 and the card for the second year referred to as SR2. The second year of carding is contingent on the athlete being re-nominated by the NSO and a training and competitive program approved by the NSO and Sport Canada being maintained. The athlete must also sign an Athlete / NSO Agreement and complete an AAP Application for Financial Support for the year in question.

### **NATIONAL CRITERIA (SR/C1)**

#### **PERFORMANCE STANDARDS**

Athletes must obtain the following standards prior to consideration\*:

- 1.0 Equal or exceed SFC score standards as outlined in Appendix "B" in WSPS sanctioned events,
- AND**
- 2.0 Place in the top 4 in the senior national team trials.

**PRIORITIZATION of CARD ALLOCATION**

Prioritization of athletes will be developed by comparing athlete performances in the National Team Trials in eligible Paralympic event(s), against the bronze medal performance (3<sup>rd</sup> place result) in that event at the 2016 Paralympic Games, less finals. Results comparisons will be carried to four (4) decimal points. Athletes with the highest percentage of the 2016 Paralympic event score will be prioritized first.

## APPENDIX A

### CANADIAN SHOOTING ATHLETE RANKING SYSTEM (CSARS)

1. Ranking eligibility and participation is directed to members in good standing of the Shooting Federation of Canada National and Development Teams.
2. AAP cards shall be allocated to athletes based on National Team or Development Team ranking following the completion of all eligible competitions within the calendar year.
3. To be eligible for AAP carding, an athlete must compete in a minimum of one (1) of the competitions listed below:
  - ISSF World Cups
  - ISSF World Championships
  - Commonwealth Games
  - Pan-American Games
  - Championships of the Americas (CAT)
  - Olympic Games
4. Only the relays that are used for athlete ranking permitted by the SFC 2019 Athlete Selection Criteria will be considered in CSARS calculations.
5. To determine Athlete Ranking Values, the following formula will be used:

$$\left[ \frac{\text{Average Athlete Score} - \text{NT Qualifying Score}}{\text{NT Qualifying Score}} \right] \times 100 = \text{Athlete Percentage}$$

$$\left[ \frac{\text{World Record} - \text{NT Qualifying Score}}{\text{NT Qualifying Score}} \right] \times 100 = \text{Max Percentage}$$

$$\text{Athlete Ranking Value} = \frac{\text{Athlete Percentage}}{\text{Max Percentage}}$$

- i.e. If an athlete shoots equal to the qualifying score the ranking value will be '0',  
 If an athlete shoots below the qualifying score they will get a negative value (ex. -0.5),  
 If an athlete shoots above the qualifying score they will get a positive value (ex. +0.5),  
 If an athlete shoots equal to the world record they will get a '1'.

NOTE: A negative "-" ranking value does NOT disqualify an athlete. It is simply a lower value than "0" or a positive "+" value.

6. Where an athlete qualifies for carding in more than one event, the second card shall be forfeited to the next ranked athlete.
