Mixed Team Event

(Adapted from ISSF Rules for Mixed Team events for Youth Olympic Games and Other Championships – January 2013)

Background

The International Olympic Committee (IOC) approved an ISSF proposal to add two (2) new Shooting events, **10m Air Rifle Mixed Teams** and **10m Air Pistol Mixed Teams**, to the program of the 2020 Olympic Games. These rules are based on the ISSF proposal to the IOC and will govern the conduct of the two (2) Mixed Team events. ISSF Member Federations or other Shooting organizations may adapt these rules to govern the conduct of Mixed Team events in their championships.

The AHA has decided to include the Mixed Team Event as part of its program in recognition of this new initiative from the ISSF.

Team Composition

Two-Person Mixed Gender Teams

- All teams are composed of two (2) athletes, one (1) male and one (1) female.

Team Classification

- Prior to the Mixed Team Qualification, the 10m Air Pistol Men, 10m Air Pistol Women, 10m Air Rifle Men and 10m Air Rifle Women individual events will be conducted as a classifying competition to determine team pairings.

Team Pairings

- The lists of athletes eligible for the Mixed Teams will be comprised of all athletes competing in their respective event, except for the case where there are more competitors in either the Men's or the Women's event. When this occurs, the longer list of athletes from an event will be trimmed to match. As an example, if 12 men compete in the 10m Air Pistol Men event and 8 women compete in the 10m Air Pistol Women event, the 4 lowest-ranked men will not be eligible to compete in the 10m Air Pistol Mixed Team event. Lists of eligible athletes for the 10m Air Rifle Mixed Team event will be modified in a similar manner when necessary.
- Teams are formed according to athletes' final rankings in the individual events. The 1st place 10m Air Pistol Men athlete is paired with the last place 10m Air Pistol Women athlete to form one (1) team. The 2nd place 10m Air Pistol Men athlete is paired with the second-last place 10m Air Pistol Women athlete. The pairings continue until the last place 10m Air Pistol Men athlete is paired with the 1st place 10m Air Pistol Women athlete, so that a maximum number of teams is formed. The same system is used to form the 10m Air Rifle Mixed teams.

Team Requirements

- All teams must have mixed genders.

Alberta Handgun Association SFC High Performance Criteria Status

Cut Score Match Requirements

NOTE: Pursuant to a decision of the Shooting Federation of Canada's High Performance Committee as contained in the *2018 Athlete Selection Criteria Annex A Match Criteria for Cut Score Consideration*, the ALBERTA HANDGUN ASSOCIATION identifies the following areas of compliance:
