

SHOOTING FEDERATION OF CANADA

Policy Title: World Cup Selection Criteria

Policy No.: HP2020.005

Effective Date: July 1, 2020

Last Revised: June 28, 2020

POLICY OWNER: High Performance Committee

POLICY CONTACT: Vice President, High Performance

1. Reason for Policy:

To establish a criteria by which athletes are approved to participate in a World Cup on behalf of the SFC

2. Procedure:

Athletes will be selected by their team ranking and their commitment to training. An Athlete must have a National Coach/High Performance Committee approved Yearly Training Plan prior to participating in a World Cup.

National Team athletes in one discipline event, who are named to the Development Team in a second event may compete for score in their second event providing they are not displacing a National Team Athlete.

By application, Development Team athletes may be able to compete for score. The athlete must apply via email to the National Coach and cc the Vice President of High Performance and the Technical Director. These requests will be decided upon on a case by case basis. The decision will be based on, but not limited to, commitment to training and results of previous and international and national scores (previous scores will be limited to year prior).

Junior Athletes who have made the Development or National Team may compete at the Senior World Cups providing they have paid the appropriate team fee. All Juniors may be eligible to compete at a Junior World Cup providing they have a National Coach/High Performance Committee approved YTP prior to participating in a World Cup. All Junior athletes must abide by the Junior Athlete Addendum.

Mixed Team criteria

World Cups ~ All athletes wishing to compete in the Mixed Team event at any World Cup must receive the endorsement of the National Team Coach prior to informing the SFC office. The National Team Coach has final say on all Mixed Teams. If more than one female and one male are attending the event, the National Team Coach has the authority to pick the athletes for the Mixed Team event. These teams will be based on, but not limited to, experience, ability and team status.

Major Games ~ The National Team Coach has the authority to pick all Mixed Teams for any Major Game event. These teams will be based on, but not limited to, experience, ability and team status. It is the responsibility of the National Team Coach to inform the SFC Office of their team decisions.
